

Project : Bespoke Kitchen

American white oak face-frame construction with melamine faced MDF case panels & shelves.

Doors: solid white oak frames with matching veneered plywood panels.

Finished using Osmo Polyx for durability & low residual odour.

Chrome handles from Carlisle Brass, flush hinges & magnetic catches for the doors &

Blumotion drawer slides all contribute to a robust quality that is light to the touch.

Built in washing machine , dishwasher & Fridge Freezer (not pictured)

Formica laminate worktop, granite sink, glass gas hob.

Fitted dresser in a complimentary style, with locally sourced quarter-sawn European oak top & chrome door knobs.
